

Visitor Parking Instructions

4318 N Carlin Springs Road, Arlington

Street parking on N Carlin Springs Rd. / N Thomas St.

There are several areas with unrestricted parking close to our building. Please be cognizant of signs as both Carlin Springs and Thomas become permit only zones at certain points. If you opt for street parking, please enter the APAH office from Carlin Springs Rd. – *not* the 555 N Thomas St. resident entrance. **Please do not park at the church across the street.** You will be towed.

Underground garage parking (free)

You will enter our parking garage at 555 N Thomas Street. At the call box, please dial 002 to reach the APAH office. Once in the garage, all parking is open and unrestricted. The easiest access to our office is by using the clearly marked stairs (which are at the back of the garage before the U-turn to the second level of parking). If taking the stairs, you will emerge on lobby level and take a single right-hand turn to be at our wooden office doors.

If you choose to use an elevator, proceed to the central elevator bank, in the middle of the garage. From there, you will take the elevator to the lobby level and proceed straight down the hall to the wooden doors (passing the leasing center and resident services office on your right).
